

BMW SPECIALIST WUNDERLICH AT MOTORBEURS UTRECHT 2020

FEBRUARY, 20TH – 23TH 2020

Many of BMW motorcycle specialist Wunderlich's customers come from the Netherlands. They often take the opportunity on their travels south to make a short pit stop at Wunderlich so they can stock up on the accessory components they need to kit out or retrofit their BMW. „We are happy to welcome our regular Dutch customers in the Innovationspark in Graf-schaft, situated directly on the A 61 motorway, whether it's to visit our Test Centre or the exhibition area in our new company headquarter, or whether it's to be a part of one of our popular events. That's why it's very important to us when we make it to Utrecht once a year for MOTORbeurs so we can meet our customers in the Netherlands. Together with our sales partners, we present you with our most important, latest, exciting developments and our show bikes. We look forward to seeing our Dutch visitors and the pleasant, relaxed conversations to come“, says Frank Hoffmann, managing director of Wunderlich GmbH.

Wunderlich is recognised around the world as the number 1 for high-quality BMW accessories and MOTORbeurs Utrecht, which is held from 20 – 23 February 2020, is a fantastic opportunity to get to know Wunderlich products. Anyone who wants to personalise and optimise the ergonomics, suspension or design of their BMW will definitely find what they're looking for. The same goes for our sophisticated luggage solutions and the comprehensive active and passive protection for the bike. Whether it's equipping a GS-BMW or converting a R nineT, our „Anständigen Komponenten für Ihre BMW.“ stand for top quality, superior functionality, the best materials and careful craftsmanship.

At MOTORbeurs, Wunderlich will be exhibiting the fully equipped Wunderlich R 1250 GS HP, the R 1250 R, the easy to handle F 750 GS, the SuperTourer K 1600 GA, the Scooter C 400 X, the R nineT Green Hell and last but not least, the WunderBob, which garnered a lot of attention worldwide, at the stall in hall 7, stand E098. There's something for every BMW rider and it's well worth the visit!
