

Storage space

Wunderlich offers a useful pannier box for the R 1200 GS or the Adventure with original aluminium cases

The BMW specialist Wunderlich provides an extremely light-weight and stable pannier box for additional storage space behind the original aluminium cases of the R 1200 GS or the Adventure. The waterproof aluminium box can be safely installed by means of two clamps and fills perfectly the previously unused gap between the standard right pannier rack and the Adventure. Thanks to its water-protected lock, the box can be securely locked and the cap is safely protected against loss by an additional securing.

The Wunderlich pannier box provides about 4 litres capacity and is handcrafted "Made in Europe". The delivery will be effected inclusive a complete mounting kit and a 5 year warranty for 159,- Euros.

The large program around the topic luggage as well as many other accessory parts are presented in the Wunderlich catalogue 2013/2014 and on the completely new designed website www.wunderlich.de
